

# Amare Energy+™ Pomegranate Lime

Smart Energy for Body + Mind

## What It Is

A refreshing drink mix formulated with ingredients that help you feel more energized and revived.\*

## Why You Need It

Healthy energy levels impact everything from how you move to how you think, to how you feel. Lack of movement, gut imbalances, inconsistent sleep, and poor diet can impact energy levels, leading to sluggish mornings, mid-day crashes, or just “blah” feelings. While a healthy lifestyle is important to keeping energy levels up, sometimes we still need an extra boost.

## How it Works

We've Got Energy Down to a Science

- **Matcha** supports mood and aids concentration.\*
- **Guayusa** promotes mental energy and alertness. It's a caffeinated holly species that grows only in the upper Amazon basin of Colombia, Ecuador, and Peru. Historical records suggest that leaves from guayusa have been used for thousands of years.\*
- **Natural Caffeine** promotes body and mind energy.\*
- **Pomegranate Extract** contains antioxidants and flavonoids to support vitality.\*
- **Amare's GBX proprietary blend** of Asian Apple, New Zealand Pine Bark and French Grape provides a source of antioxidants that helps to protect cells against the oxidative damage caused by free radicals\*
