

MentaBiotics®

Optimize your gut-brain axis (GBX) with this synergistic combination of clinically and scientifically studied probiotics, prebiotics, and phytobiotics—formulated to support mind and body resilience through advanced gut-brain nutrition.*

Why you'll love it

- Promotes a happy gut.*
- Optimizes natural serotonin, dopamine, and GABA production.*
- Supports emotional regulation and feelings of well-being.*

How to use it

Mix one stick pack with 2–8 oz of water, milk, fruit juice, smoothie, yogurt, or other foods or liquids. Do not expose to boiling or scalding temperatures.

What it is

- **Probiotics:** targeted for emotional wellness.*
- **Prebiotics:** fibers targeted for gut nourishment.*
- **Phytobiotics:** polyphenols targeted for optimized gut-brain axis (GBX) signaling.*

The SCIENCE of MentaBiotics®

MentaBiotics provides targeted gut nourishment through our MW3® Prebiotic Proprietary Blend, which is specifically formulated to feed the beneficial bacteria in our MW3® Probiotic Proprietary Blend, optimizing the production of “feel good” neurotransmitters.*

MW3 Probiotic Proprietary Blend

- *Lactobacillus R0052* for positive mood.*
- *Bifidobacterium R0175* for stress resilience.*
- *Lactobacillus R0011* for gut health.*

MW3 Prebiotic Proprietary Blend

- IsoFiber® promotes a diverse, thriving microbiome.*
- Bimuno® supports microbiome balance.*
- Sunfiber® encourages the growth and vitality of good bacteria.*

What is the gut-brain axis?

Our gut is a super important component of the multidirectional communication network known as the gut-brain axis (GBX). The GBX connects our gastrointestinal system (gut), nervous system (brain), and immune system (axis) with a vast array of cellular and biochemical messengers throughout the entire body, including the microbiome, hormones, cytokines, and neurotransmitters.
