Your body processes an immense amount of information every day. Hundreds of thousands of neurotransmitters are constantly emitting millions of internal messages and signals between your gut and brain. Conversely, your brain and gut are also continually exposed to chemicals, pathogens and oxidative stress that can impact how effectively you process these internal messages. These external influencers can add a tremendous load to your gut-brain communication pathways and cause it to become sluggish.

Occasionally, it is essential to “reboot” our body – particularly our gut and endocrine organs – in order to improve the formation of neurotransmitters and the communication along the gut-brain axis.

Amare’s Reboot+ is the first and only 3-day “scientific reboot” program designed to reset your gut-brain axis. It sets a healthy, clean foundation for your microbiome so you can obtain optimal results with the world’s first award-winning gut-brain axis nutrition system - the Amare FundaMentals Pack.

Reboot+ is formulated with patented and plant-based ingredients to support the natural cleansing and filtering of your colon, kidneys and liver. When combined with our recommended meal plan, your body will be rebooted and ready for optimal functionality in 3 days!*

Begin by resetting your system with Reboot+ and follow up with the Amare FundaMentals Pack for exceptional overall wellness.**

1. Prepares the body’s gut microbiome for optimized mental wellness*
2. Provides a natural cleanse and supports a healthy digestive system*
3. Helps to remove built-up waste and toxins from the body*
4. Supports natural cleansing and filtering functions of the liver, kidneys, and colon*
5. Partners with and optimizes the body’s natural detoxification process*

INTESTINAL EPITHELIAL CELLS
Cells that combine to create a tissue layer that lines the small and large intestines of the gastrointestinal tract. Waste and toxins can build up in the digestive tract and may require a safe and natural cleanse to reboot the system.
