Today's knowledge about nutrition points us towards a vast list of nutrients we should be consuming on a daily basis to have optimal health and mental wellness. However, realistically it is very difficult to obtain all these nutrients through the foods we eat.

VitaGBX by Amare is a premium multivitamin, plus mind support formula that delivers a daily dose of high-quality essential nutrients. VitaGBX combines more than 50 vitamins, minerals, amino acids, and phytonutrients in their most active and bioavailable forms to provide you with optimal micronutrient nutrition for a well-balanced body and mind.\*

Amare's VitaGBX is not your typical multivitamin. We've taken it a step further to formulate this product with a Bright Mind Proprietary Blend, which contains key phytonutrients and our own Amare GBX+ Proprietary Blend that enhances optimal functionality of the gut-brain axis.\*

VitaGBX is a modern multivitamin, with the proper amounts of each nutrient. Not too little, but also not too much of any given vitamin or mineral – just the right balance to supplement gaps in the average daily diet.
