What Makes Our Probiotics and Prebiotics so Innovative?

Our products are the first to match specific mental wellness probiotics with their preferred prebiotics to give optimal results. **Kids FundaMentals™** and **MentaBiotics™ Sugar Free** provide gut support through our **MW3™ Prebiotic Proprietary Blend**, which is specifically formulated to feed the good bacteria in our **MW3™ Probiotic Proprietary Blend**.*

MW3™ Prebiotic Proprietary Blend

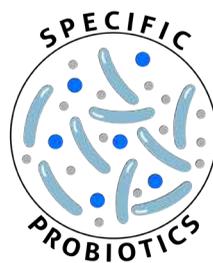

Provides optimal gut support by feeding the specific mental wellness probiotics strains featured in MentaBiotics.

- IsoFiber™** (Iso-Malto-Oligosaccharides) — A naturally sweet prebiotic plant fiber that improves growth of specific probiotics*
- BiMuno®** (Galacto-Oligo-Saccharides) — Maintains immune health, controls inflammation and feeds Bifidobacteria probiotic strains*
- SunFiber®** (Galactomannan Fiber) — Helps improve and grow beneficial bacteria, including Bifidobacteria and Lactobacillus*

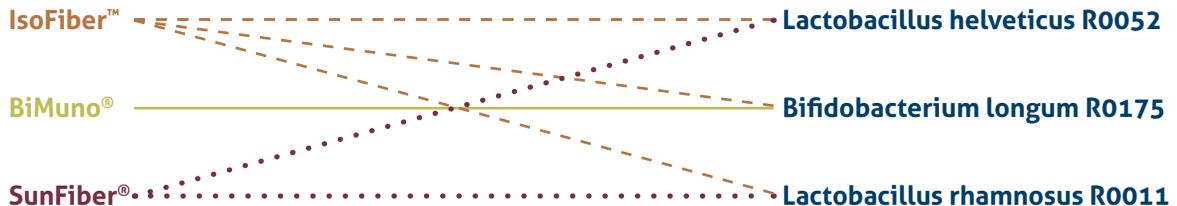

MW3™ Probiotic Proprietary Blend

Contains unique and specific probiotic strains targeted to enhance overall mental wellness.*

- Lactobacillus helveticus R0052** — Improves mood by decreasing neuro-inflammation and increasing serotonin*
- Bifidobacterium longum R0175** — Enhances calmness by decreasing anxiety indices and improves cognitive function*
- Lactobacillus rhamnosus R0011** — Reduces stress by lowering cortisol exposure and improves GABA neurotransmission*

Which prebiotics match up with our mental wellness probiotics?
